

Research Guidelines and Suggestions

Topic Selection

- Brainstorm
- Zero in on your top 3 choices
- Do some "Pre-Search" on those 3
- Pick the your top choice

Get Organized:

- Set up a folder on Google Drive and name it
- Set up a project on EasyBib and name it
- Set up a folder in your binder and label it

Set Your Goals

- Understand the rubric
 - Break down your tasks
- Writing/Understanding Essential Questions (EQs)
 - What are you trying to find out?
- Set personal goals and deadlines
- Record your deadlines in an agenda or using Google Calendar

Do Your Research

- Locate and select resources -
- Cite them with EasyBib as you go!
 - Make sure they go into your
- Take notefacts...Make sure they are:
 - Short
 - Factual
 - In your own words
- Record your notefacts on:
 - Notefact sheets (IIM)
 - Into your Google Doc table

How Are You Doing?

- Where are you in the process?
- Are you meeting rubric expectations?
- Are you making the deadlines?
- Are you answering the Essential Questions?

Organizing

Color coding by EQ

Make sure you know where all your facts come from

Product

What is your end product?

Have you planned for this? (Materials, skills, time)

Presentation

Here is your chance to "Think and communicate with clarity and precision"

Finishing touches (edit, edit, edit)
